Data Analysis report on

Kaggle football dataset

by

Vikas Bhadoria (vikasbadhoria69@gmail.com)

Department of Informatics engineering

Wismar University of Applied Sciences: Technology,

Business and Design

Objective:

1. Spot weaknesses and strengths in the teams/players in order to help them.
2. Look at the performance of teams & players.
3. Explore which kind of game piece the best team is using to win.
4. Statistical Data Analysis on the kaggle football dataset.
5. Detailed Analysis of Cards

Dataset Description:

Game_info.csv :

ID: game id
General: league, season, date and host country.
